

Building a Path to Success

We are pleased to announce a comprehensive six-week workshop designed to empower and equip participants with essential skills for a successful reintegration into the community. This collaborative initiative brings together the expertise of three organizations to offer a diverse range of modules aimed at fostering personal and professional growth.

The workshop will consist of the following modules:

1. **Rent Smart (6 Modules):** This program will provide participants with crucial insights into responsible renting practices, skills to help build positive relationships with landlords and neighbors, and strategies to help navigate the challenges of finding and maintaining suitable housing.
2. **Financial Literacy (6 Modules):** Equipping individuals with essential financial management skills is crucial for their successful reintegration. This program will cover budgeting, savings, credit management, and ways to protect your money, insurance and retirement.
3. **Bridging the Tech Gap for Returning Citizens (4 Modules):** In an increasingly digital world, this program will focus on enhancing participants' tech skills, enabling them to confidently engage with technology and navigate online platforms.

In addition to these core modules, the workshop will also include:

Resume Writing and Interviewing Skills (2 Modules): Crafting an effective resume and mastering interview techniques are key components of securing meaningful employment. These modules will provide participants with the tools they need to confidently present themselves to potential employers.

We believe that this holistic approach to reintegration will significantly contribute to participants' overall well-being and success as they transition back into the community. The collaborative efforts of My Way Out, UW-Extension, and Milky Way Tech Hub are aimed at providing participants with a comprehensive skill-set to enhance their prospects and achieve their personal and professional goals.

We are excited about the positive impact that this workshop will have on individuals associated with CRC and are eager to work together to support their journey toward a brighter future. If you have any questions or would like more information, please do not hesitate to reach out to me at support@mwout.org or via phone at 414-628-6397.

Thank you for your continued commitment to empowering individuals and making a difference in their lives.

Warm regard

Ruben Gaona, Executive Director of My Way Out
